

PN16 150LB Industrial Ball Valve Control Valve Used In Thermal Power Plant

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: HYZONT
- Certification: CCC
- Model Number: PN16
- Minimum Order Quantity: 1 set
- Price: Negotiable
- Packaging Details: wooden case
- Delivery Time: 5-7 days
- Payment Terms: L/C, D/A, D/P, T/T
- Supply Ability: 500 sets per month

Product Specification

- Highlight: 150LB industrial ball valve,
PN16 valve used in thermal power plant,
150LB valve used in thermal power plant

Product Description

PN16 150LB valve Control stainless steel Control valve pneumatic ball valve Conventional industrial ball valve

Type	Conventional industrial valves --ball valve
Model	PN16 DN15-DN100
Material	stainless steel
Connection	Threaded
Pressure	PN16
Dimensions	1 inch
Brand	GONG
Driving mode	Manual

Product ordering instructions:

1. The products are only for category display, the price is not for reference, please contact us for selection and quotation. 2. Please specify in the order before placing the order: 2.1. Production standard 2.2. Material 2.3. Connection method 2.4. Pressure 2.5. Medium 2.6. Temperature 2.7. Other requirements 3. The company can configure electric devices, pneumatic drive devices, and turbine devices according to the specific requirements of users. 4. All kinds of valves produced by our company can meet the requirements of the contract, and are inspected and tested strictly according to the standards before leaving the factory. If you have any questions, you can contact us online, we will do our best to provide you with quality service.
